

Address medico-legal costs with Impi

Protect your bottom line by preventing costly patient incidents.

The financial burden of medico-legal risks.

- **Costly claims:** Patient incidents result in settlements averaging R2 million – R10 million per case.
- **Rising legal fees:** Insufficient and incomplete documentation inflate litigation expenses.
- **Budget strain:** Unpredictable liabilities disrupt financial planning.

Impi: Your cost saving solution.

- **Minimize liability exposure:** Rapid patient incident resolution reduces claim frequency and severity.
- **Rapid response:** Manages 1,300+ incidents monthly, minimizing escalation costs.
- **Efficiency boost:** Automates processes across 42 sites, slashing admin expenses.

Proven cost savings

- **Reduce medico-legal liability:** Impi's forensic audit trail creates a defensible record of every incident, reducing legal risks and associated costs.
- **Boost productivity:** 87% of clients report improvements in nursing productivity, contributing to significant operational savings.
- **Avoidable incidents:** Up to 15% of incidents are preventable with Impi's proactive insights, cutting unnecessary expenses.

Why Impi stands out

No user limitations: No hidden costs.

Quick rollout: Deployed in days, not months.

Cost-effective: Outperforms legacy systems with minimal investment.
